The Karuk Tribe requests proposals for the following Scope of Work required for the demolition and removal of existing old, unsafe and underrated electrical wiring, boxes and panel(s) to be replaced with all new wiring and equipment to suit current power needs and proper electrical builders code, in the facility known as the Log Cabin, located 533 Jacobs Way in Happy Camp, CA.

Task One – Demolition

The demolition of existing old, unsafe and underrated electrical wiring, boxes/panel(s) including service and related equipment from the meter base through to the existing breaker panel. All electrical debris will be removed and properly disposed of by the contractor.

Task Two – Installation of primary wiring

Supply and install new electrical wiring using MC cabling and metallic EMT conduits suitable for commercial buildings for the installation of a new 200A service and breaker panel (including new breakers) with room for future expansion of electrical service.

Task Three – Installation of associated electrical parts

Supply and install electrical panel(s). Supply and install electrical safety disconnects whenever required. Grounding and bonding of all electrical components to be installed to local electrical building code minimums.

Responses to this Request for Proposals should include the following:

- 1) A statement of qualifications, including relevant project history.
- 2) A proposed approach and rationale for completion of the contract tasks described above, including descriptions of similar work previously completed and the results/benefits achieved.
- 3) A lump sum price, with attached price break-down page.
- 4) Names and telephone numbers of three client references.
