

# Slater Fire Victims: Temporary Housing Application

The Karuk Tribe is in the process of obtaining RV/Travel Trailers for those who have lost their homes in the Slater Fire. This project will allow this newly homeless population to stay in compliance with CDC and Tribal Guidelines and recommendations for COVID-19. We understand that many families are now living with other friends and family, which will drastically increase their risk of exposure to COVID-19. We were already in a pandemic, and this new emergency situation is exacerbating many issues that were brought on by COVID-19. We hope that this project will significantly reduce this risk of an outbreak of COVID-19 among our community. Please fill out the application to the best of your ability and do not hesitate to contact us with any questions. This is a new program so please be patient as we are still in the process of developing this program. Information in this application will help us guide the program to your needs and serve our community better.
